FIRST CENSUS ESTIMATE HERE: OVER 36,000

Population in Daly City will exceed the 36,000 persons predicted before the June 17 census started, Vernon L. Miller, special census supervisor from the Los Angeles district office of the U.S. Census Bureau, declared here today.

Miller spoke of the quick rise in Daly City's population from 15,191 on April 1, 1950 to 30,506 on May 29, 1956, and the added influx of more than 6000 this year.

Results of this special census will not be available until late this week. "The last 5 per cent are usually the hardest to get," Miller said.

"We have had a great deal of difficulty here because so many people are new to this area and neighbors are not acquainted with them. However, we consult realtors, the gas company and other reliable sources to check on people who were not home when we called," he remarked.

The U.S. Government takes a census every ten years during the years ending in '0,' he said. Therefore, Daly City will receive another counting of its population next year, he added. But the city won't benefit from the 1960 figures until a year later.

A special census of this type is only carried on by the federal government when asked to by a city, he concluded. It cost \$4500 here and required 36 citizens as census takers.

The 36 census takers, 32 of them women, were: Mrs. Violet M. Abbott, Mrs. Gertrude L. Bonomi, Mrs. Maxine H. Buckingham, Mrs. Darlene C. Carter, Edward J. Cassilago, Mrs. Jean Y. Cassilago, Mrs. Audrey K. Conaty, Leo H. Cook, Mrs. Jesse P. Cooke, Mrs. Stella L. Cougle, Mrs. Bernice M. Cunningham.

Mrs. Grace L. Dirickson, Mrs. Emma B. D'Iscep, Mrs. Jane A. Egan, Mrs. Lillian E. Gass, Rudolph F. Glockner, Mrs. Mary E. Harden, Mrs. Dora E. Herrick, Mrs. Ruth R. Horanzy, Mrs. Elsie Kunz, Mrs. Frances B. Lemon, Mrs. Lucille Lemon, Miss Helen MacKinnon, Mrs. Zefira A. McGrayne, Mrs. Marjorie M. Mills, Mrs. Juanita M. Perada.

Mrs. Reta St. J. Poole, Mrs. Martha E. Sifford, Mrs. Vivian M. Sigler, Mrs. Nell Y. Stagg, Mrs. Jacqueline L. Strauss, Mrs. Zella M. Watson, Mrs. Marion T. Wille, Mrs. Eleanor J. Wilson, Mrs. Mary A. Wilson and Valenti F. Yankowski.

\$1 TAX RATE SEEN FOR DC BUDGET

A \$1 per \$100 assessed valuation tax rate appears likely for Daly City's new \$1.6 million fiscal budget as councilmen continued studying the individual department requests.

Fire and parks and recreation needs were aired last Friday night. Monday, in a three-hour session, the council heard Otis Calhoun review expenditures for the public works department.

This Wednesday and Thursday library and police requests headed the study agenda.

A five per cent wage increase for all city employees boosted total salary outlay in the new budget to \$1,067,700. The pay hikes alone amounted to an extra \$22,000.

Addition of 20 requested new employees, seven for the fire department and two for police, is a major factor in the higher requests. The capital outlay projects mapped in the new budget total \$350,000.

City Manager George Watts feels the council will trim the budget below the \$1.6 million first draft to hold the tax to a \$1 rate—an increase of eight cents over last fiscal year.

More gas tax and state apportionment funds, due the city via more population certified by the special census, has given the council an extra \$65,000, thus Watts feels most of his recommendations will materialize.

In the major departments, operating costs for the new fiscal year will climb as follows if the city manager's recommendations are accepted:

Police — from \$238,895 to \$261,720; fire — \$193,570 to \$243,534; water — \$210,866 to \$258,643; streets — \$186,642 to \$223,220; engineer — \$64,745 to \$78,620; finance — \$23,997 to \$32,215 (major portion is \$10,000 for new machine) and from \$32,524 to \$47,603 in finance department's operation of water revenue program; parks and recreation, \$71,956 dropping to \$67,483; and library, from \$64,395 to \$63,439.

The council must adopt its preliminary budget by its meeting of July 13. Watts figures at least two more study sessions are necessary before the budget will be finalized by the council.

\$10,000 Damage In DC Roofing Company Blaze

A fire in the shed of the Goodwin Roofing Company, 1861 Junipero Serra boulevard, caused more than \$10,000 damage last Thursday evening.

Battalion Fire Chief Mel Hansen said 15 firemen responded to the call and took a scant 20 minutes to extinguish the flames which played havoc with three trucks, a 14x24 shed and shingles and tar paper located on a platform.

Companies 2, 4 and 5 responded to the street fire box call, under the direction of Battalion Chief Frank Specht.

The cause of the fire has not been determined but Hansen said there was a possibility that one of the heating pots containing butane gas got out of control. The fire spread to the trucks, destroyed the shed which was an open lean-to type, and destroyed tar paper and shingles located on a nearby platform.

Hansen said that the trucks probably could be repaired and cleaned. He said the debris took two hours to clean up.

4 Months Old Westlake Boy Dies In Crib

Michael E. Hair, 4 months, was pronounced dead on arrival at Junipero Serra Hospital Saturday despite efforts of his parents, firemen and police to revive the infant.

The child's parents, William, 28, and Dorothy, of 220 Lake Merced boulevard, said the baby was put to bed at 7 p.m. and cried for a while. Less than an hour later, the father found the baby under the blankets of the crib and later told police the boy's face looked colorless.

While he breathed into the baby's mouth his wife called police. Officer James Bergstrom and firemen with a resuscitator arrived. The resuscitator was administered by the fire department and kept on the baby's mouth as he was carried to the car and even after he reached the hospital.

The attending physician at Junipero Serra Hospital said the baby was dead on arrival.

THIS SCENE was familiar to Daly City residents for more than a week as 40 citizens went door-to-door in Daly City's special census. Mrs. Frances Lemon (census book in hand), of 88 Oceanside drive, discusses the results with fellow worker Mrs. Robert Wilson, 169 Mirada drive, St. Francis Heights. Final returns aren't in yet, but officials say Daly City's head count is close to 38,000—up 8000 over the last special census in 1956. This added population means more state apportionments to the city in special funds.

THE RECORD photo

OCEANA ON COAST

\$2.3 Million Sought For 3rd High School

Jefferson High School District reached a new milestone Monday night when the board approved the district's application for \$2,387,786 to the state for the construction of Oceana High School in Sharp Park.

The request—forwarded to Sacramento the next day—will be weighed at the August meeting of the State Allocations Board, according to Supt. Ed Morgan.

The Oceana project marks the debut of the district on the state aid program. The \$2.3 million estimate for this school is that of Architect Mario Ciampi and Fred Goodell, business manager for the district.

Morgan reminded that grading on both Pacifica high school sites (Oceana and Terra Nova in Linda Mar) is to begin this fall. Construction is to start on both at the same time next spring. The first increments of both schools are to be ready for students by September of 1961.

PLAYGROUNDS JAMMED FOR SUMMER SLATE

Attendance at summer recreation events and use of park and playground facilities should break all existing records here, said Chuck Vincent at last week's Daly City Parks and Recreation Commission meeting.

Dee Van Nest, head of the department, stated that the improved program and added facilities are the chief contributors to the upward trend. "At Westmoor alone we had more than 1400 people present during the first five days which started on June 15," he commented.

Van Nest announced the recreation department has signed an annual use contract with the high school district and will have access to Westmoor all-year round. Westmoor facilities have been under the jurisdiction of the recreation department on the summer schedule since June 15.

The commission recommended that the charge of 10 cents for children, 25 cents for adults, and free to high school student body card holders be dropped. Van Nest said that this plan has met with great disapproval and the income is not sufficient to justify its existence.

"It creates more ill will than it is worth," he said. The commission's recommendation was that only a 10-cent charge be (Continued on Page 2)

Land-Use Hearing Set For July 20

Public hearing on the Daly City's new land-use master plan, which prescribes preferred zoning, will be held on Monday evening, July 20, in the council chamber, 75 Wellington avenue. The meeting begins at 8 p.m.

The council called off Monday night's scheduled hearing on the land use proposal because of its special budget study session.

\$28 MILLION

'Good Budget' Says Supervisor Callan

Supervisor Tom Callan Sr. said today that he was "quite satisfied" with the county's newly adopted fiscal budget, which totals a record \$28.6 million and figures to keep the tax rate at \$1.88 per \$100.

Callan, who has no doubt about being a candidate for a third term next year, did an about-face last week and instead of opposing the new budget, he routinely voted for its adoption without further comment.

Earlier, the veteran north county supervisor engaged in hot verbal duels with County Engineer Don Wilson over the unequal distribution of gas tax funds in the north county and on Callan's request for some \$15,000 in county funds for improvements to 87th street here (near the Callan family's proposed apartment house project).

Ground Broken For 3 Schools

Groundbreaking ceremonies last Saturday morning marked the opening of construction on three new Jefferson Elementary District schools—all to be built by one contractor and scheduled for completion by mid-January next year.

Total cost of the three buildings—Abraham Lincoln and Thomas Edison (together on 22-acre site in Westlake Knolls Unit No. 1) and Daniel Webster (located on 10-acre parcel in St. Francis Heights)—is \$1,396,692.

All will be single story structures and will be of concrete block construction. Each will have an inner courtyard with all classroom windows facing the inner court.

Contractor for the three-at-one project—the first time in California history that one contractor has built three schools in the district simultaneously—Louis C. Dunn Company.

Abraham Lincoln and Thomas Edison are for the three K-6 plan is Angus McSweeney. Leading the groundbreaking party were new JESD Superintendent Richard Foster, school trustees Joseph Lewkowicz (chairman), Mrs. Katherine Mullen, Thomas Noonan and O. Wayne Douglas, JESD assistant superintendents Dr. Vin Stratton and Dr. David Spiro, McSweeney, Donald F. coordinator for McSweeney's office, and Robert Carper, representing the contractor.

Completion of the three schools in January will take hundreds of youngsters off the streets—a move that is necessary this September to enrollment projections approximately 7000 pupils.

Templeton Avenue One-Way Verdict Expected July 9

The city council has ordered a new survey in an attempt to decide on the request of several residents of Templeton avenue for a one-way street in the 700 and 800 blocks of the hill to Crocker avenue.

Seventeen homeowners have asked for the one-way designation. Many of their neighbors want no change.

Results of the new survey and the council's decision are due at the July 9 study meeting.

Windows Shattered By School Vandals

Vandals broke a total of 20 windows at three Jefferson Elementary District schools over the weekend, causing damage amounting to \$250, according to Dr. David Shapiro, assistant superintendent of the school district.

The toll included 20 windows at Crocker school, eight at Woodrow Wilson, and one at Vista Mar in Westlake.

Shapiro noted that persons guilty of breaking windows or damaging other school property are subject to police arrest and liable for the damages they cause.

Juveniles jumping the gun here with firecracker tosses.

Juveniles are dropping firecrackers in the Do-Drop-In and L. Burns, the owner, is burned about the whole thing.

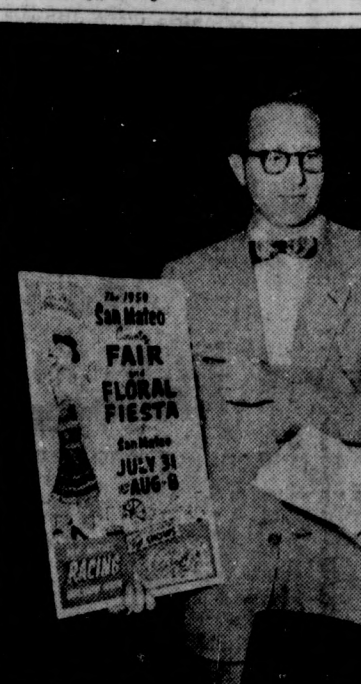

Police are keeping an eye on the establishment in order to catch the early Fourth of July pranksters.

Holiday Schedule For Playgrounds—4 Sites Stay Open

Daly City's Department of Parks and Recreation announces that since Friday, July 3, has been proclaimed a local holiday, all recreational facilities will be closed with the following exceptions: Westlake Park, Marchbanks Park, Westmoor High School and War Memorial Community Center.

The above sites will operate on their normal schedule. Westlake Park and Marchbanks Park will be open to the public on Saturday and Sunday, July 4 and 5, as usual.

Special events, the Penny Carnival and the Fleishacker Zoo outing, which were originally scheduled to be held this Friday, have been rescheduled for Friday, July 17.

BILL WILSON, general manager of the San Mateo County Fair and Floral Fiesta, July 31 through August 8, discusses special "Silver Anniversary Couple" program with DC Chamber of Commerce's Fred Martin (left). Married folks in the fair for more honors.

whose 25th wedding anniversary falls in July or any time this year are urged to get applications now in Daly City at 6454 Mission street and 3317 San Jose avenue. Each Peninsula city will select one couple, honor them, then send the pair to the fair for more honors.

'NOT POLITICAL'

City 'Independent' On Hospital Study

Councilman Francis Pacelli reiterated Monday that the committee of Daly City officials to study a hospital district proposed for the north county was going to be "an independent unit, but we will cooperate with other groups in an effort to speed the project."

Pacelli said this "clarification" was necessary "in case some people feel that our position in pushing this hospital study is merely that of joining an outside committee."

The city council, at Pacelli's urging, last week formed a committee, headed by Bob St. Clair, to study the possibilities of a hospital district. Pacelli said he was concerned that other committee, headed by politically ambitious Leo Ryan, South San Francisco councilman, had not contacted Daly City officials when Ryan's group, which includes two

Daly City residents, announced its plans for a study.

Ryan last week told the county press that his group's intention was not to leave out Daly City. In fact, the Democratic candidate for assembly said his unit welcomed "all the help we can get."

Ryan denied that the failure to inform Daly City about the hospital committee plan was an indirect affront to St. Clair, also rumored as candidate and rival to Ryan for state office next year.

Both Ryan and St. Clair maintain there is no political animosity between them, particularly on an issue involving public health and welfare.

The hospital district study, as announced by Ryan's group, would determine the needs of communities north of San Bruno—an estimated population of 110,000.

This 'Rat' Wasn't Playing Possum

Officer Charles Munday was bitten Wednesday by a possum which a woman mistakenly identified as a rat.

The woman, Mrs. Lyle Church, 280 Los Banos avenue, reported a rat on her back fence. When Munday arrived he identified the animal as a possum, possibly playing possum as a rat.

He grabbed the possum and while attempting to put it into a bag was bitten on the right index finger. The possum went to the land of possums a few seconds later. Munday went to Junipero Serra Hospital.

PLAYGROUNDS JAMMED FOR SUMMER SLATE

(Continued from Page 1)

levied to persons for the use of towels.

During the summer, facilities at Westmoor are open day and night, 10 a.m. to 5 p.m. and 7 p.m. to 9:30 p.m. The recreation department will only have access to the high school during the evenings when school is in session. Van Nest hopes to open the Westmoor playground on Saturdays this fall.

A report was given to the commission on the playground developments at Northridge and Palisades. Cement work has been finished at Northridge and water lines, new loam and seeding are next in line. Palisades is almost in the same stage of development as Northridge.

Final grading was done last Wednesday at the Palisades site and water lines will be put in within the next two weeks. The only part of the budget which has passed approval at this time is \$20,000 for salaries which include playground directors at the high school and elementary school sites.

DC Man, 71, Dies While Driving Jeep

Constantino Fontana, 71, was pronounced dead on arrival at Junipero Serra Hospital after he apparently died of a heart attack while sitting in his jeep truck at Brunswick street and Templeton avenue early Monday morning.

Officer Steve Steen, on patrol, saw Fontana seated behind the wheel of the truck and called an ambulance. Mrs. Emilia Fontana, 313 2nd avenue, Daly City, the man's 60-year-old wife, reported his death to the police from the hospital.

Bartz-Profumo Settlement Is Expected

The Bartz-Profumo wall and patio cover dispute on Westlake avenue in Westlake was nearing a settlement this week, according to City Manager George Watts.

Legal representatives of both neighbors are to meet with Watts, the council and City Attorney Paul Huff on July 9 in still another attempt to resolve the conflict.

Julio Profumo, 3 Westdale, protested the wall and patio cover erected by Stuart Bartz, 1 Westdale, claiming the structure was higher than authorized by city ordinance and Westlake home deed restrictions.

The council subsequently checked out the protest and agreed Bartz had exceeded the 6-foot high wall height limitation and did not follow the intended specifications of his city-issued building permit.

Watts said Bartz appears obliged to lower the wall to six feet. The city manager feels the two neighbors, through their attorneys, will get together and agree on the patio cover material and its legal size.

The two neighbors haven't been on speaking terms—due to the wall controversy—for more than a year.

Lady Bowler's Luck?

Mrs. Patricia Coffey, 30 Vidal street, San Francisco, told police her purse was stolen Wednesday at Westlake Bowl while she was using lucky alley No. 7 between noon and 1 p.m.

The lady bowler's purse was later found in the wastebasket in the men's room minus \$26 cash.

Thief's Goal Could Be Business Venture

A thief who may or may not be a "plumber" is in business today after taking a \$38 tarpaulin and \$200 worth of plumbing tools off the truck of William Brandt between Monday night and Tuesday morning.

Brandt, 473 Knowles avenue, reported the theft to the police.

'Good Budget' Says Supervisor Thomas Callan

(Continued from Page 1)

Supervisors, however, though taking the request under study, said their allocation of \$100,000 for improvements this fiscal year was already pin-pointed for other projects.

Otis Calhoun, Daly City director of public works, explained that the city asked the county to pay about one-fourth of the total cost of improving School street, from Mission to the Southern Pacific tracks; Mission, from San Jose avenue to the county line; Washington street, old San Pedro road to Junipero Serra, and San Pedro avenue from the county line to Mission street.

Callan said he has long worked for more road funds in the north county, citing that he was successful in getting supervisors to approve some \$47,000 for a survey on a proposed highway linking Daly City to Brisbane via Market street and the San Bruno mountains.

Father Garrity Leaves OLPH For Saratoga

Father Joseph Garrity, 46, assistant pastor of Our Lady Of Perpetual Help Church, the past three years, was transferred last week to Sacred Heart Church in Saratoga.

Father Matthew Sullivan, formerly of St. Cornelius Church in Richmond, has been transferred to Father Garrity's position.

Father James Bergin, pastor at OLPH since 1939, will remain in his present capacity.

Our Lady of Mercy Church retains Father Richard W. Power as pastor. Father Power has been pastor of the Westlake church since it opened in 1954.

Holy Angels in Colma has Father Thomas J. Farrell as pastor. He has been there since 1954. Father William Quinn has been transferred from Holy Angels to St. Cecilia's in San Francisco. Recently ordained Father Richard Long, who hails from San Leandro, will take over Father Quinn's position.

Goes For Ride, SF Man Robbed Of \$200 Here

Willie Green, a 35-year-old laborer from San Francisco, told Daly City police he was robbed of his wallet containing \$200 by three adult Negroes Sunday on Skyline boulevard here.

Green stated he had been drinking in a Third street bar and started a conversation with one of the men. The man said he knew where he could find some entertainment if Green was interested. Green said he was. When they went outside Green was introduced to two of the man's friends.

One wore a checkered sport coat and cap, the other a grey sport shirt and cap, he reported to police. The four men got into a late model sedan and drove to Skyline boulevard by Westlake. When Green got out of the car one of the men declared, "This is a stick-up. Give us the money or you will die."

Green handed over his wallet and house keys.

August 3 Hearing On High Schools' New Fiscal Budget

Jefferson High School District will hold public hearing on its proposed 1959-60 budget on Monday, August 3, at 9 p.m. at 275 South Mayfair avenue, room 241.

Superintendent Ed Morgan said the board of trustees will discuss different phases of the budget at each meeting before the August 3 session.

Lichtman Tells B'nai Israel's 'Holiday' Plans

Paul Lichtman, president of Congregation B'nai Israel, Daly City, announces that plans are under way for another successful High Holiday Season.

This year once more the War Memorial Building in Daly City has been reserved for the services. Anyone interested in obtaining tickets is advised to make early reservations for the best seats. A special membership rate is now in effect for the remainder of the year. Membership includes High Holiday seats as well as Sunday School attendance. Those interested in tickets, membership, or both, are asked to contact Lichtman at PL 6-1930.

Congregation B'nai Israel is the only Conservative Jewish congregation on the Northern Peninsula. Its membership is drawn most heavily from the San Francisco and Daly City through Burlingame areas. Its spiritual leader is Rabbi Solomon A. Shore. It has an active Men's Club and Sisterhood, and boasts a well staffed Sunday School as well as Religious School.

Nanci Reginelli Of Daly City Named 'Coroner'

Officers of 13 mythical California cities and four mythical counties have been elected by the 421 Girls State citizens meeting on the University of California campus at Davis.

Nanci Reginelli of Daly City was elected county coroner and public administrator of Kelsey County of Girls State. She was sponsored by the Daly City and Brisbane units of the American Legion Auxiliary.

Sponsored by the American Legion Auxiliary, Girls State brings together the outstanding girls in the junior class from high schools throughout the state. In a practical preparation for adult citizenship, Girls State brings together representatives from small and large schools, from the rural areas and the metropolitan areas. In a practical preparation for adult citizenship Girls State citizens draw up platforms for two mythical parties, and campaign to elect officers to city, county and state positions.

The basic unit of organized society is the community or city level and these young people are busy circulating petitions for election to City offices.

Bruce Lovazzano, Miss Eliopoulos Exchange Vows

Two former Jefferson High students, Bruce Francis Lovazzano and Patricia Gayle Eliopoulos, were married at St. Aloysius Church on June 6 in Palo Alto.

The groom's parents are Mr. and Mrs. Frank Lovazzano of 250 Wyandotte street, Daly City. He graduated from Jefferson in June, 1956, and attended College of San Mateo. He was a member of the track team and participated in boxing to earn his Block J at Jefferson.

Lovazzano is in the National Guard and is presently working for the Redwood Plumbing Company in Redwood City. His ushers were John Soteriore and Richard Hick, both of Daly City.

The bride is the daughter of Mr. and Mrs. James Eliopoulos of Palo Alto. She attended Jefferson High, graduated from Cubberley High last year and attended San Jose State College. She is a member of Kappa Delta sorority at the college and worked for the Bank of America in Menlo Park.

Bridesmaids were Jane Hillier, Daly City, and Helen Bowie, San Francisco.

\$2.3 Million Sought For 3rd High School

(Continued from Page 1)

The superintendent noted that the district this November would be eligible to make application for state funds on the Terra Nova school.

The money the board is requesting from the state will go toward grading the site, roadways, sidewalks, a basketball court, a football field, the sprinkling system and to pay all costs in conjunction with fees.

Total area of the Oceana buildings in the first increment is 82,820 square feet. The buildings, to house 944 pupils, include 17 classrooms, four science rooms, three shops (auto, wood and electrical), one housemaking room, two art and crafts rooms, the library, administration area, music room, multi-purpose room, kitchen, gymnasium, two showers and locker rooms and one room for the Point program (mentally retarded).

Ciampi's breakdown of the \$2,387,786 total for Oceana construction to be an estimated \$1,978,051. Within this figure fall such items as utilities (\$28,856), off-site development (\$45,137), on-site development (\$591,455) and the building itself (\$1,312,602).

Surveys and plans, which include architects' fees, state fees and topographical surveys add up to \$165,207. Within this total are construction testing (\$4300), inspections (\$16,500), furniture and equipment (\$150,784) and contingencies (\$72,945).

In other business, the board again went over the new fiscal budget, leaving the estimated figure at \$2,821,165. The Board starts the fiscal year with a cash reserve of \$919,000.

The deficit budget will probably include an income of \$1,770,000 and expenditures of \$1,860,000.

Execution of the transportation agreement, which is to do with the sharing of buses was approved by the board and sent to Jefferson Elementary and Laguna Salada Elementary districts for their perusal and agreement.

The agreement must be met with by all three school boards before going into effect.

Cowboy-Injun Episode Too Realistic Here

Three boys, ages 10, 11 and 12, must have taken the cowboy and Indian picture TV too seriously.

The three boys were reprimanded by Daly City police Saturday after they shot arrows at three other youngsters, 5, 6 and 8, at Westlake Park and held the younger boys as captives.

All three boys were turned over to their parents in turn promised to impose their own disciplinary action.

OBITUARIES

Candita Diflu

Funeral services were conducted last Friday at St. Aloysius' mortuary for Candita Diflu, 65, who lived 1073 Brunswick street.

A requiem mass was said at Our Lady of Perpetual Help Church. Interment was Holy Cross cemetery.

She is survived by husband, Ralph, and two sons, John and Richard. She has two daughters, Mrs. Lillian Nieve and Mrs. Juanita, and leaves seven grandchildren and seven great grandchildren.

Constantino Foma

Funeral services were held Thursday morning for Constantino Foma, a 70-year-old native of Italy, who lived 313 Second avenue, Daly City. He was a retired warehouseman.

Foma was a member of the Monteverdi Lodge W.A.C. He is survived by his wife, Ila, and was the father of four children, Mrs. Rose Cifari and Mrs. Lena Fisher, his brother, John Foma in Italy, and six stepchildren and eight grandchildren.

Interment was at Cess Lawn Memorial Park.

Mary M. Balbi

Funeral services were conducted Friday for Mrs. Mary M. Balbi, formerly of 58st Market street and a nat of Colma, who died on June 28.

A requiem high mass was celebrated at Holy Ail Church in Colma. A r was said Thursday at well's mortuary. Burial, Holy Cross cemetery.

The woman's husband, Balbi and she leaves children, Barbara, Cynthia Russell. Her father was late Joseph Silicani and mother is Edith Silicani.

She leaves two sons, Raymond and Joseph, sister, Mrs. Juanita B.

Mom, Cop Save Westlake Infant With Convulsions

Loretta Marie Murphy, one and one half years old, was examined at Junipero Serra Hospital early Monday morning and transferred to St. Mary's after she had momentarily lost breath due to convulsions.

James W. Murphy, 39, 117 Ashland drive, notified police. His wife met police officer A. Nicolini at the door, carrying the child in her arms and breathing in Loretta's mouth. She was brought to the local hospital for emergency treatment and then transferred to St. Mary's.

BRING YOURSELF BACK ALIVE!

Nearly 50 million motorists will be taking to the road over this Fourth of July weekend. Some will not return alive. Thousands more will return eventually, but it will be a long and painful route by way of the country's busy hospitals.

The Institute for Safer Living estimates a high 470 highway deaths over the three-day holiday weekend. The principal reason, according to the Institute, is that there are thousands more cars and drivers on the road than a year ago. Many of the new drivers taking to the road during the past 12 months lack the skill, caution and experience to keep them out of trouble in highly congested traffic.

A large share of holiday traffic accidents actually have their beginning well before the victims leave home, the Institute asserts. Here's why:

- (1) Lack of proper trip planning, and failure to allow enough time for reaching destinations and returning.
- (2) Failure to allow for adverse weather or other driving conditions.
- (3) Drinking before or during the trip.
- (4) Failure to put the car in top operating condition, especially tires, brakes, headlights and windshield wipers.
- (5) Starting the trip tired or in below-par physical condition (holiday driving requires top physical reaction and alertness).
- (6) An upset mental condition on the part of the driver such as anger, depression, lack of patience and the like.

So start your personal safety campaign well ahead of your holiday drive. It will go far toward helping you to avoid the fate of the unfortunate. And for double insurance against accidents, plan to drive every mile at moderate speeds, in keeping with road traffic and weather conditions.

Marchbanks Publications staff wish you a happy, safe holiday and hope that you will be reading our pages next week.

STANDPAT RATES

Attorney Fees In Civil Action Default Cases Firmed By Court

Attorney's fees in San Mateo County default cases now are based on a set schedule which allows the citizen to know exactly the amount he will pay and allows the court to speed up default civil actions, Dick Liberty, clerk of the municipal court in South San Francisco, explained today.

The new civil default attorney fee was drafted by Municipal Judge Charles Becker and is a replica of the one used in San Francisco municipal court, Liberty said. Two other courts in the district still use the old means of deciding attorney fees in these cases.

In effect since June 15, the new schedule does away with the judge having to set the attorney's fees after a case. Previously the citizen's contract with a lawyer would read "an attorney fee" or "reasonable fee." Liberty feels the new set

schedule restricts the amount to be paid.

"It is a technical instrument but is of great importance and a good public service," Liberty said of the order.

The schedule:
Where the principal sued for is under \$10, the attorney's fee is 0; from \$10 to \$50, fee is \$10; \$50.01 to \$75, \$15; \$75.01 to \$100, \$25; \$100.01 to \$150, \$35; \$150.01 to \$200, \$50; \$200.01 to \$300, \$70; \$300.01 to \$400, \$80; \$400.01 to \$500, \$95; \$500.01 to \$600, \$100; \$600.01 to \$700, \$110; \$700.01 to \$800, \$120; \$800.01 to \$900, \$130; \$900.01 to \$1000, \$140; \$1000.01 to \$1100, \$150; \$1100.01 to \$1200, \$160; \$1200.01 to \$1300, \$170; \$1300.01 to \$1500, \$180; \$1500.01 to \$1750, \$190; \$1750.01 to \$2000, \$200; \$2000.01 to \$2250, \$225; \$2250.01 to \$2500, \$250; \$2500.01 to \$3000, \$300.

Younger Tosses Hat In Early; He'll Be Seeking His 5th Term

Congressman J. Arthur Younger today became the first official to get his hat in the ring for re-election in 1960 when an announcement was made that he has appointed Frank B. Ingersoll Jr., Burlingame attorney, as general chairman for the ensuing campaign. Ingersoll served in the same capacity in 1958.

Ingersoll said that he will immediately begin organizing a county-wide committee of 1000 citizens from every city and district in the county to work for Congressman Younger.

Younger, from his office in Washington, D. C., said that he was gratified to again have the service of Ingersoll as his general chairman and declared that he is prepared to conduct a vigorous campaign for re-election to his 5th term as representative of San Mateo county in the nation's capitol.

Younger said that he expects to return home from the first session of the 86th Congress about September 10 and will be available for talks before groups and organizations of all kinds to report on the activities of Congress.

George A. McQueen, field secretary for Younger, said that the Congressman is already booked for over 100 talks before various groups but will accommodate all possible during the Congressional recess. He pointed out that Younger's reports are strictly non-political.

In discussing the 1960 campaign, Younger declared that he looked forward to victory

ASKS 'PRIORITIES'

Tax Expert Urges School Boards To Be Prudent On Expenditures

"That taxpayers are faced with continually spiraling costs of public education is indicated by the fact that current operating costs were up nearly 16 per cent while the daily attendance during 1957-58 increased only 7.5 per cent and the cost of living index was up only 3.4 per cent," E. Maxwell Benton, Schools Consultant for California Taxpayers' Association, presented this and other information on increases in school district expenditures in California from 1956-57 to 1957-58 in an article appearing in the June issue of the Association's official publication, "Tax Digest."

Asserting that "The public schools need to come up with some ideas for more and better education with less pain to the taxpayer," Benton analyzed the various areas of expenditure in which "costs of public education have assumed monumental proportions in California." He further suggested that "local governing boards must carefully study the establishment of priorities in public education if adequate funds are to be provided for essential school activities."

In his analysis of 1957-58 "Current Expenses" financed from district general funds, Benton pointed to the fact that salaries of teachers and other school personnel, amounting to \$746,446,888, represent 67 per cent of the total. He said, "Since instruction accounts for the largest share of the school dollar, it is only natural that taxpayers are concerned with growing costs in this area. Development of such techniques as closed circuit television, larger classes and teacher aides should help to achieve this result. The curtailment and elimination of nonessential educational programs is also in order."

Representing nearly 14 per cent of the total, "The operation and maintenance of school plants is the second largest item of current expense for school districts. Aside from the building program itself, probably no item of school cost is more affected by good business management with the result of direct savings to the taxpayer to take one illustration, the development of standards and staffing needs for custodial and gardening work."

Other current expense items listed in Benton's analysis all show increases, though most are relatively small, percentage-wise. However, along with his explanation of what each covers, he offers suggestions as to how savings can be made.

Referring to expenditures for administration and pupil transportation, Benton stated that "more effective organization of school districts" in the case of the first "could result in a better expenditure of these funds

—even in actual savings," and as to the second "would result in real savings." With regard to auxiliary services, which includes among other things health and psychological services, he declared, "The program needs careful review to consider possibilities for coordination of health activities with other governmental agencies." Fixed charges, food service and community service are other expense items covered here.

In addition to general fund expenditures, the total "Current Expenses" of nearly \$1.2 billion includes building funds, cafeteria funds, and child care center fund expenditures.

Reporting on Capital Outlay expenditures, Benton said that they "have grown enormously in recent years—in the ten-year period 1948-49 to 1957-58 from \$158.7 million to \$416.5 million, or 162 per cent. If classroom facilities are to be provided for our mushrooming school population, it is highly important to effect all possible savings in school construction costs. Good schools can be secured at minimum cost through careful planning, economical design, selection of inexpensive but durable materials and proper administration."

Finally with reference to the \$141,685,744 item for Debt Payments, Benton said, "School districts spent \$113.9 million on debt service in 1957-58, \$36.3 million on bond interest and \$77.6 million on bond redemption. As of June 30, 1958, the outstanding bonded indebtedness for all school districts in the state totaled \$1.5 billion."

Westlake's Son Completes Army Hospital Internship

Captain Donald D. Nuss, son of Colonel (retired) and Mrs. R. W. Nuss, 85 Northridge drive, Daly City, completed his year-long Army internship at Madigan Army Hospital in Tacoma, Washington, on June 30.

The captain, a 1958 graduate of the University of Nebraska College of Medicine, has been assigned to Brooke Army Medical Center, Fort Sam Houston, Texas, where he will take a residency in dermatology.

Letters To The Editor

Morgan Thanks The Newspaper

Dear Mr. Bradshaw:
On behalf of our Board of Trustees, faculty and students I would like to publicly thank your newspaper for the excellent coverage extended to our district during the 1958-59 year.

I can assure you that the articles written about our district have resulted in a more enlightened citizenry which in turn has materially benefited our boys and girls.

Sincerely yours,
Edward D. Morgan
District Superintendent

The trio this week are en route to San Diego for basic training.

THE RECORD photo

Dolwig Explains County's Flood Control Measure

Senator Richard J. Dolwig emphasized the merits of the San Mateo County Flood Control Act at Monday's luncheon meeting of the San Carlos Kiwanians.

Dolwig declared the act represents "the first successful effort to bring the whole county into agreement after six years of flood control proposals." Under the new law, zones may be established in local drainage basins for the construction of flood control works.

Projects will be financed through assessments against lands within the benefited watershed.

Cities will have the right to have their territories excluded from proposed zones, the Senator added. If their lands are included, cities will be reimbursed in cash for existing flood control works taken over by the district, he explained.

Passage of the bill, Dolwig said, represents a major accomplishment of the session. "With a flood control bill finally on the books we may at last hope that floods like those of 1955 and 1958 will be prevented," he declared.

Acid-Resisting Nickel

250 Attend Debut Of Pacifica's Hercules Guided Missile Site

The Bay Area added one more link to its steel-strong chain of air defense last week when the Army unveiled its fourth Hercules guided missile site near Pacifica.

About 250 persons, including civic and military dignitaries, were on hand for the site opening ceremonies of Battery C, 4th Missile Battalion, 61st Artillery, commanded by Captain Jack B. McGurk.

Defense Commander Colonel Andrew R. Lohli welcomed the guests to open the program. Ceremonies included an orientation of the NIKE guided missile air defense system, a crew demonstration and tour

Redwood City Set For Giant Holiday Show

A sweepstakes trophy for the best parade entry and the time and place where the awards will be made for the 20th annual Redwood City Fourth of July parade were announced today by Ferris Miles, parade chairman of the sponsoring Peninsula Celebration Association.

The huge sweepstakes trophy will be presented to the best parade entry regardless of type. Miles said this could go to a marching unit, band, float, novelty entry, horse and rider or whichever the judges consider the best.

All trophies and cash awards will be presented immediately after the parade concludes in the rodeo arena.

Six radio announcers, including Bob Day, will describe the parade as it passes from downtown Redwood City vantage points. These include at Arguello and Brewster streets; in front of the police station on Middlefield road; at Main and Stambaugh streets; at Main and Broadway; at the new Hall of Justice; and at the only judges and reviewing stand in front of the old County Court House on Broadway.

Albert Wilson and James Kerr, garden experts who appear on television, and Hank Seaton, state agricultural agent, will judge the floats with a theme this year of "A Salute to Alaska." The parade starts this Saturday at 10:30 a.m.

DOLWIG'S BILL HIKES MENTAL HEALTH FUNDS

Senator Richard J. Dolwig (R-Redwood City) announced final passage by the legislature of his bill to increase state aid to county mental health programs.

The occasion was the County Supervisors Association's meeting, Friday in San Francisco. Discussing his bill, SB 795, Dolwig said:

"This legislation should make it possible for the counties to increase their participation in the mental health program."

"This will increase the rehabilitation of mentally ill because they will be able to get treatment in their home environment and make the adjustments necessary to be assimilated into the community and thus become useful citizens again."

"This also means a saving in capital costs for our mental institutions, which is a benefit to the taxpayers."

The Dolwig bill would increase state aid to county programs from the present 50-50 cost split to 75 per cent after a county has reached a level of mental health expenditure amounting to two cents per \$100 in the county tax base.

Giese Is Popular At Blood Bank

Armand R. Giese of Colma recently donated for the 13th time to Peninsula Memorial Blood Bank.

Other recent local donors were Rayland T. Buckley, ninth time; Harry Aronson and Lawrence M. Anderson, fourth time; Howard S. Ellinwood, Joseph Naileu, Everett E. Branstetter, John Putkey and James W. Parker.

EXPLAINS EFFORTS

Senator Dolwig Cites Success For SM County At Sacramento

Amid a staccato of firecrackers the Senate filled the Senate Chamber with a snowstorm of papers in its traditional celebration of the adjournment of the state legislature.

Among the happiest of the solons was Senator Richard J. Dolwig (R-Redwood City), whose campaign to pass bills to meet San Mateo County's problems was highly successful, he said.

The San Mateo Senator had gone to Sacramento with a comprehensive program for the county, and as the dust of the session settled it became apparent that most of San Mateo County's most pressing legislative problems had been solved.

Among the highlights of Dolwig's legislative efforts were: Highways — as a co-author of Senate Bill 480 Dolwig was able to see a comprehensive highway system for San Mateo County included in the State Freeway System Bill. Units in the San Mateo road system included in the bill for extension or improvements were—San Bruno avenue from Bayshore to Pacifica; extension of 19th avenue from Junipero Serra to Half Moon Bay; extension of Woodside road from Five Points to Bayshore; Willow road from Dumbarton Bridge to Junipero Serra, then over to the coast via La Honda; a Bay Freeway from Hunter's Point to San Jose.

Flood Control — Six years ago a flood control bill for San Mateo County was first introduced at the legislature. Despite major floods in 1955 and 1958 intra-county disputes had blocked all attempts to set up a county-wide flood control district. The Dolwig measure — SB 1368 — in its final form represented continued and strenuous effort to bring all groups within the county into agreement upon a unified flood control bill. The effort was successful and as finally approved, Senator Dolwig's flood control bill had virtually no opposition from organized bodies within the county. Under the bill flood control projects will be built from zone taxes within individual drainage basins in the county. Cities having existing flood control works or desiring to conduct their own programs are well protected by provisions for protest and election in incorporated areas.

Bridges — Further Southern Crossing studies were authorized in a bill authored by Dolwig, and the Public Works Department will continue studies of locations with a western terminus south of Candlestick Point.

The San Mateo-Hayward Bridge improvement will have a priority claim to toll monies over proposed rapid transit developments. Existing toll monies have been earmarked for the addition of two more lanes to the San Mateo-Hayward Bridge to eliminate the bottleneck that now exists.

Recreation — Another of Dolwig's bills reappropriated \$475,000.00 for continuation of the acquisition program for beaches and parks in San Mateo County. Among the projects continued by this bill are Miramonte and Montero Beaches.

Mental Health — Increased state aid to the mental health program was another major accomplishment of Dolwig's legislative program. San Mateo has been a national leader in the development of mental health programs. Under the existing state program, the state contributes on a 50-50 basis with the counties. Under Dolwig's bill, the state's share of costs would increase to 75 per cent when the county's share has reached a level of two cents per \$100 in the tax base.

Water Supply — As a member of the Budge Conference Committee, Senator Dolwig was successful in getting fun's added to the budget to provide for studies of projects to bring water from the South Bay Aqueduct into San Mateo County. Santa Clara County's change of preference from the conduit over Pacheco from San Luis to the South Bay Aqueduct project has opened up the possibility of water from that source to supplement the county's present Hetch-Hetchy supply.

Among other bills introduced and shepherded through the legislature by Dolwig were measures to increase the pay of superior court reporters to \$35 per day and to increase municipal court reporters to the same level. This increase will make it possible to secure sufficient reporters to carry the work load in the county courts.

The Pillar Point Landing project will be able to move forward under legislation authorized by Dolwig which clarifies the powers of the San Mateo County Harbor District in order to make it possible to proceed with the necessary financing.

Dolwig fought all new taxes at the session on the ground that revenues from existing taxes and special funds were

The Town Record

By ROY HURLBERT

Genial Mel Thayer, principal of Daly City's Olympia school, has a flock of 140 kids enrolled in the elementary district's summer session at Woodrow Wilson.

His faculty numbers 10. Very little vacation time for these adults—but the extra pay is pretty handy.

According to State Department of Education, Daly City is about to establish another "first."

One contractor is building three elementary schools here at the same time. Sacramento moguls say this is unprecedented in California.

Half Moon Bay passed its incorporation test with a positive response.

Make room for San Mateo county's 16th and smallest municipality. It won't be tiny in the near future. There's gold for subdividers in them thar hills.

Remember when a trip to HMB on Sundays was a real jaunt?

Famous last words (rendered last fall by apprehensive members of Daly City's freeway committee):

"The state will set up public hearings here next March or April on its intended freeway route."

The State Division of Highways said the same thing. Since this pronouncement nothing new has materialized on the proposed route here.

Wonder if the state has forgotten the Daly City freeway?

Age (sixty-eight) is no obstacle to Supervisor Tom Callan Sr., now a resident of Daly City.

Sure, he'll run for re-election next year.

He's as spry as ever and determined to keep his \$600 a month pension.

We'll have to steer a safe-and-sane Fourth of July course. Nothing could be safer than our destination—a quiet little church in Santa Clara for a wedding ceremony.

Sunday's rites removes another member of the San Mateo-Santa Clara-Bachelors Association.

Not us, of course.

Questions-and-answers: Mr. St. Clair—Will you be a candidate for a county or state office in 1960?

"I seriously doubt it," says he.

Mr. DeBernardi—What kind of public reaction are you getting to rumor you'll run for county supervisor next year?

"I got four phone calls right away. Each person said he was glad I was considering the race and noted that it's about time the north county had a representative on the board."

Are you listening Leo Ryan and Tom Callan Sr.?

Silver-haired Elmer Kennedy is still waiting for his new fire chief's car, replacement for the Peninsula's oldest vehicle.

Elmer was all set to accept the new transportation two weeks ago—but there was one hitch.

It arrived here all black—hardly the color to distinguish a fire vehicle.

Car Buffer Stolen

An electric motor and buffer tool valued at \$50 was taken from a locker located in the carport of Robert O. Irwin, 52, 320 Lake Merced boulevard, between 7 a.m. Sunday and 9 a.m. Monday.

To make matters worse, the tool was a rented item. Irwin had polished his car early Sunday and placed the motor and buffer in the locker.

Petty Theft

Someone took the coin boxes in a laundry room to the cleaners.

James Devlin, 52, 85 Citrus avenue, apartment 3, and the coin box collection man notified police of the petty theft.

The thief could only get to the contents of one machine. The money belonged to the Mills Meter Service, 1421 Fulton street, San Francisco.

There are 76 active volunteer drivers for the motor service of the San Francisco Red Cross. Many more are needed. Volunteer today.

under-estimated by the Finance Department. With the economy on the upswing Dolwig insisted that the budget could be balanced without new taxes.

LEGAL ADVERTISING

NOTICE OF TRUSTEE'S
SALE UNDER
DEED OF TRUST

No. 93202
Notice is hereby given, that on Tuesday, the 14th day of July, 1959 at the hour of 10:00 a.m. of said day in the front lobby of the office of City Title Insurance Company, located at 601 Hamilton Street, Redwood City, California, the undersigned Trustee, will sell at public auction to the highest bidder for cash in lawful money of the United States, all payable at the time of sale, the following described real property, situate in City of Daly City, County of San Mateo, State of California, described as follows:

LOT 16 in Block 8, as designated on the map entitled "MAP OF HILLCREST SHOWING SUBDIVISION", which map was filed in the office of the Recorder of the County of San Mateo, State of California on March 14, 1907 in Liber 14 of Miscellaneous Records at page 232, and more particularly described as follows:

BEGINNING at the point of intersection on the Northern line of Hillcrest Drive with the Easterly line of San Diego Avenue, as said Hillcrest Drive and San Diego Avenue are shown and designated on the map above referred to; thence on and along said Northern line of Hillcrest Drive, South 79° 19' 12" East 71.92 feet; thence leaving said Northern line of Hillcrest Drive and at right angles thereto, North 10° 40' 12" East 25 feet; thence at right angles North 79° 19' 12" West 76.60 feet to the Easterly line of San Diego Avenue; thence on and along said Easterly line of San Diego Avenue, South 0° 04' West 25.44 feet to the point of beginning.

Said Sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligations secured by and pursuant to the power of sale conferred in that certain deed of trust dated December 20, 1957 between Audra Hart, as Trustor, City Title Insurance Company, a California corporation, as Trustee and William Lagomarsino and Anna Lagomarsino, his wife, as Beneficiaries, and recorded in the office of the Recorder of the County of San Mateo, State of California on the 23rd day of December, 1957 in Book 3324 of Official Records at page 354, under Recorder's File No. 6167-Q, and

Notice of breach of said obligation and election to sell said real property was recorded in the office of the County Recorder of the County of San Mateo, State of California on the 12th day of March 1959 in Book 3562 of Official Records at page 272, under Recorder's File No. 28377-R.

This Notice is given in compliance with written demand to Trustee by Beneficiary.

LUTHERAN WEDDING

Barbara Ohlendorf, Mike Donham
Return From Tahoe Honeymoon

Barbara Jean Ohlendorf and Michael Joseph Donham, united by marriage vows June 14 at Zion Lutheran Church, San Francisco, have returned from a Lake Tahoe honeymoon and have established residence at 61 Crestwood drive in Westlake.

The Rev. Herbert P. Schroeder of Bethel Lutheran Church performed the afternoon ceremony.

Barbara, daughter of Elmer H. and Anna Ohlendorf, 95 San Joaquin avenue, Daly City, was graduated from Jefferson High School last year. She attended College of San Mateo and is employed as an executive secretary for Foster and Kleiser Company in San Francisco.

Michael, son of Mrs. Rillis Donham and the late Gene Donham, former residents on Woodrow street here, was graduated from Jefferson High in 1957. He is employed by Langendorf Bakeries. Mike is the grandson of Mrs. Gertrude Gehringer, long-time resident of Daly City. His mother has resided in Forestville (Calif.) since 1957.

For the nuptials, Barbara wore a dress made of white tulle with imported chantilly lace. Her seeded pearl crown held a white tulle illusion finger-tip veil. Her flowers were a bouquet of white orchids and stephanotis.

Miss Gail Nelson of San Francisco was maid of honor. Dana Donham, sister of the groom, and Sharyn Lee, Daly City, were the bridesmaids. Charles Cameron of Daly City was best man, accompanied by Robert Donham and Larry Pulliam.

The couple's wedding reception, immediately after the ceremony, was held at Westlake Auditorium. Approximately 350 relatives and friends enjoyed champagne, hors d'oeuvres, punch and a five-tier wedding cake.

The couple's wedding reception, immediately after the ceremony, was held at Westlake Auditorium. Approximately 350 relatives and friends enjoyed champagne, hors d'oeuvres, punch and a five-tier wedding cake.

Michael, son of Mrs. Rillis Donham and the late Gene Donham, former residents on Woodrow street here, was graduated from Jefferson High in 1957. He is employed by Langendorf Bakeries. Mike is the grandson of Mrs. Gertrude Gehringer, long-time resident of Daly City. His mother has resided in Forestville (Calif.) since 1957.

For the nuptials, Barbara wore a dress made of white tulle with imported chantilly lace. Her seeded pearl crown held a white tulle illusion finger-tip veil. Her flowers were a bouquet of white orchids and stephanotis.

Miss Gail Nelson of San Francisco was maid of honor. Dana Donham, sister of the groom, and Sharyn Lee, Daly City, were the bridesmaids. Charles Cameron of Daly City was best man, accompanied by Robert Donham and Larry Pulliam.

Mother Of DC
Police Chief
Succumbs At 71

Mrs. Zelinda (Lena) Petrocchi, 71, mother of Daly City Police Chief Roland Petrocchi, died early Friday morning of a heart attack in her home at 180 Santa Barbara avenue.

Ada Monke, a neighbor at 159 Santa Barbara, became suspicious when she noticed that Mrs. Petrocchi's lights and television set were still on at 3:40 a.m. Friday. She notified the police chief's sister, Mrs. Clara Mack, who in turn notified him.

Petrocchi arrived at his mother's home but was unable to gain entrance. He phoned the fire department. Mrs. Petrocchi was found on the floor of her room. An ambulance brought her to Junipero Serra Hospital where she was pronounced dead on arrival.

She is survived by one other daughter, Ida Petrocchi; two sisters, Mrs. Dormira Magni and Mrs. Paulina Del Buechi and five grandchildren, Andrea, Diane, Roland, Mrs. Lola Haran and Stephen Mack Jr.

Funeral services were conducted Monday morning at Lasswell's mortuary for the wife of the late Andrea Petrocchi. Interment was at Olivet Memorial Park.

equipment that should be included.

Families wishing a copy of the booklet may write to Congressman Younger, 23 Second Avenue, San Mateo. There is no cost.

Joseph Cardinale
Miss Gamble Wed
In OLPH Rites

Joseph Cardinale, 103 East Vista avenue, Daly City, and Jacquelyn Lea Gamble, San Bruno, were married in a June 13 ceremony at Our Lady of Perpetual Help Church by Father Joseph Garrity.

The couple honeymooned at Lake Tahoe and plan to live in San Francisco.

Cardinale, son of Mr. and Mrs. John Cardinale, has three brothers, Tony, Dennis and Johnny Cardinale. The latter two acted as ushers along with Joe Castro and Richard Fiori. Joseph attended Jefferson High School.

The bride was given away by her foster father, A. H. Lacy Sr. She has five foster brothers and sisters, Albert, Raymond, Kenny, Shirley and Kathryn Lacy. Shirley and Kathryn along with Bobbie Quinlan and Bea Hebet acted as bridesmaids.

Best man was Paul Cruz, and matron of honor was Myrna Cruz.

The reception was held at the Sandunes in San Francisco.

AWOL Sailor Booked

Paul T. Hutchins, a sailor absent without leave from the USS Monticello, was arrested at his home, 527 Niantic avenue, by police officer William Schumacher last Wednesday.

Schumacher released the 23-year-old sailor to the Armed Forces Police.

Westlake Family
Visits Carlsbad

Mr. and Mrs. Robert W. Ellingson, daughter Sharon and sons Donald and Gary, 41 Wilshire avenue, were visitors to Carlsbad Caverns National Park where the new \$590,000 Visitors Center was recently dedicated by National Parks Director Conrad L. Wirth.

The Ellingsons had a chance to visit the underground luncheon room which seats a thousand persons, a museum exhibit telling the story of the Caverns, the observation tower and the Caverns themselves.

Louis Gazzano Of W'lake Bank 30-Year Vet

Louis J. Gazzano, assistant manager of Bank of America's Westlake branch, is wearing a second diamond in his lapel service pin.

The sparkler was presented by Manager Edward King last Friday to mark Gazzano's 30th anniversary with the bank next day.

Gazzano joined the bank as an office boy in San Francisco June 27, 1929, and after six months in the messenger department, moved to the transit department.

Promoted to Hollister as bookkeeper in 1933, he returned to San Francisco after four years, serving at the Humboldt branch on Market street until called for the Army in 1942.

Resuming his career at the Humboldt office early in 1946, he was appointed to officer status later that year and assigned to 29th and Mission as head of the note department.

Advanced to lending duties in 1946, in 1950 he was assigned to the district operations officer's staff as a relief lending officer at branches in this area.

Gazzano came to Westlake as general lending officer in 1953 and was named assistant manager in August, 1956.

Six Tires Stolen From Neville Lot

Ira Neville, owner of Neville Motors, 7360 Mission street, told police that six tires and wheels were stolen from his lot between 7 p.m. Sunday and 9 a.m. Monday.

Value of the stolen goods was estimated to be \$240. The rear wheels of autos parked in the rear of the lot had been removed and the cars' back ends were resting on the ground when police arrived.

OLPH CEREMONY

San Bruno Woman New Leader Of Court St. Mary Unit 1155

At a beautiful ritualistic ceremony held recently in Our Lady of Perpetual Help Auditorium, 80 Wellington ave., Mrs. DeWitt Brunson, grand regent, succeeded Mrs. Harvey Mumford of Daly City as Grand Regent of Court St. Mary No. 1155, Catholic Daughters of America, accepting the gavel from the Installing District Deputy Mrs. C. J. Pietro of San Francisco.

The Court was honored with the presence of the newly ordained Rev. Richard E. Hecht of San Francisco who bestowed his priestly blessings upon members and guests present.

Those attending the ceremonies included the State Treasurer, Mrs. Fred Wettstein of

San Francisco; Past State Regent, Mrs. Milton Weckerle of Daly City; Arch Diocesan Chairman of Education, Mrs. M. E. Hall of Berkeley; District Deputy, Mrs. E. E. Kull of San Francisco; Mrs. Ann Doherty, Court Immaculate Conception of New York City, N. Y.; Grand Regents: Mrs. T. M. Stucke of Court Our Lady of Angels, Burlingame; Mrs. C. T. Porter of Court Berkeley; Mrs. M. A. Heissenbuttel of Court Salesian, San Francisco; Mrs. M. A. Mulhern of Court Father Francisco de Lasuen; Mrs. E. A. Zipp of Court of Prague South San Francisco; members of Court Golden Gate, and many other visiting Catholic Daughters.

The Court honored Mrs. Ernest Hecht of Court Golden Gate, the mother of Reverend Hecht, with a lovely Madonna and flowers in appreciation for her willing assistance at all times as visiting organizer in the Court of which she was a charter member and financial secretary 29 years ago.

The outgoing Grand Regent, Mrs. Harvey Mumford, was also presented with a striking arrangement of flowers in a Madonna vase by the Court and a lovely picture of Christ by her various officers and chairmen in appreciation for her loyalty and efforts during her term of office. She in turn presented each of them with her token of appreciation for their fulfillment of their duties and co-operation all year to carry on the Catholic Daughters motto of "Unity and Charity".

Mrs. John Vinal was also presented with a one-year Junior Counsellors Pin in recognition of her work with Troop St. Theresa of the Little Flower Junior Catholic Daughters of Court St. Mary.

A delicious repast was served by Mrs. Carl Rolland and her committee at the conclusion of the evening.

After a summer recess, sessions will reconvene on August 21.

Federal Tax Agents Watch The 'Vacations'

With the approach of the summer vacation season, Internal Revenue Service warned that "tax paid vacations" are viewed with jaundiced eyes.

Federal Revenue Agents have been alert for some time to abuses by a small minority of taxpayers who claim tax deductions for purported business trips which in fact represent vacations at resort hotels, hunting trips, attendance at sporting events, etc.

Federal tax agents will also closely check amounts claimed for the cost of club dues, entertainment, and company-subsidized automobiles, yachts, airplanes, hunting lodges and beach cottages to make certain they qualify as bona fide tax deductions.

There is no desire to tell taxpayers how to spend their money, but in fairness to that vast majority of our citizens who pay every penny of their Federal income tax liability, we do not intend to permit tax abuse by a relatively few who attempt to short-change Uncle Sam.

The self-assessment system of taxation is the best yet devised, but it is felt strongly that the surest and quickest way to undermine public confidence in our system would be to fail to pay that each and every person pays his fair share under the law.

State To Slap Heavy Penalties On Reckless Holiday Motorists

State Motor Vehicles Director Robert McCarthy today applied tighter clamps in his reckless driver campaign in an effort to cut the traffic death toll during the Independence Day holidays.

"Every person arrested for drunk driving after July 1 and subsequently convicted, will have his license suspended for at least six months," McCarthy announced.

"The minimum six months' suspension," McCarthy said, "will apply to first offenders, who in the past have been escaping with light suspensions, or none at all."

"A public highway is no place for a drunk," the motor vehicles chief declared.

McCarthy pointed out that during the recent Memorial Day holiday period, 27 persons were killed in accidents on California highways.

"Seven of those 27 deaths occurred in accidents directly attributable to driving while under the influence of liquor," McCarthy disclosed.

He added that figures compiled by the California Highway Patrol also show that in the Memorial Day toll, 133 per-

sons were injured in accidents involving drunk drivers.

"The time for slogans in our efforts to pound some sense into the heads of irresponsible drivers is past, as far as the Department of Motor Vehicles is concerned," McCarthy warned.

"It is becoming more and more obvious that drastic action is the only answer to our traffic accident problem. We are going to get progressively tougher in our dealings with drunk and reckless drivers."

Laundry Machine Till Tap Streak

Frank Mills of Mills Meter Service, 1421 Fulton street, has had to install new locks on his laundry meters located at apartments 7 and 11 on 1st avenue, apartments 12, 26 and 38 at 2nd avenue and at 135 E. Molke street since \$84 has been stolen from the meters.

Mills said the machines are located in basement laundry rooms. He has had to pay for nine \$27.50 meters and three \$4.50 locks.

NEW OFFICERS

Mrs. George Fair Is Honored As OLPH Mothers Close Out Term

The 1958-1959 term of the Mother's Club of Our Lady of Perpetual Help School came to an end recently with the last meeting of the term in the school auditorium.

Mrs. George Fair, outgoing president of the club, expressed her gratification at the Mothers' Club's many accomplishments during the year, both financially as well as socially. During her term, in addition to the many regular Mothers' Club activities and contributions, a piano had been presented to the school and furnishings for the nurse's room were given, as well as a sizeable sum toward the building fund. After expressing her gratitude to her fellow officers, the Sisters of St. Joseph, the club's Moderator, Father Garrity and the membership at large, Mrs. Fair was gifted with a leather-bound prayer book from the club, and a clock from her corps of officers.

Mrs. Fair then turned over the meeting to the Junior Past President, Mrs. Milan Stanley, and Marshal Mrs. Garth Salade. During a beautiful candlelight ceremony, in front of approximately 150 members and guests, the following officers were installed for the 1959-1960 term: President, Mrs. Peter Lofrano; Vice President, Mrs. William Gonzales; Recording Secretary, Mrs. Leonard Pearson; Corresponding Secretary, Mrs. Octave Mignault; Financial Secretary, Mrs. Ben Parodi; Treasurer, Mrs. Victor Gray, and Auditor, Mrs. Frank Gentle.

Board of Directors: Mrs. Tony Ricci, Mrs. Donald Holmberg, Mrs. John Peterson, Mrs. David Allen and Mrs. Emil Senkir.

Mrs. Lofrano accepted a lovely corsage from the club and her gavel, and after a most gracious acceptance speech performed her first duties as president by appointing the following chairmen: Parliamentarian, Mrs. Milan Stanley; Historian, Mrs. George Caligari; Cafeteria, Mrs. Sam Calavano; Health and Welfare, Mrs. Victor Gray; Home Reading, Mrs. Timothy Christen; Sewing, Mrs. Tony Ricci; Spiritual Activities, Mrs. Harvey Mumford; Sunshine, Mrs. Milan Stanley; Room Mothers, Mrs. George Caligari; Whist, Mrs. Leon Fellman; Yard Supervision, Mrs. Michael Gudeli; Civil Defense, Mrs. Charles Masehinot; Publicity, Mrs. Achille Liberti; Safety Patrol, Mrs. Wayne Carr; Room Mothers — first grade, Mrs. Richard Holmberg; second, Mrs. Norman Cambra; third, Mrs. Ben Parodi; fourth, Mrs. George Fair; fifth, Mrs. Richard Di Martini; sixth, Mrs. Walter Gillies; seventh, Mrs. Edward Nolan, and eighth, Mrs. William Gonzales.

After congratulatory remarks from Father Joseph Garrity and Sister Mary Louise, principal of the school, the officers and members were treated to refreshments at flower-decked tables. Mrs. Lofrano's evening was then made perfect by the gift of a lavish bouquet of red roses from the men in her life—her husband, Peter, and her two sons, Fred and Michael.

OLPH Mothers Open Summer Whist Slate

The Mother's Club of Our Lady of Perpetual Help School will hold the first of its summer whist games in the school auditorium, 80 Wellington avenue, on Tuesday afternoon, July 7, at 1:30 p.m.

Mrs. William Drury and Mrs. Edward Kollman, chairmen for the event, extend a welcome to the public.

The proceeds of this whist will be used for the various Mother's Club activities.

Colma School Softballers Sweep 'Sports Playday' Tourney Honors

The Sports Playday held last week attracted many youngsters from the Daly City, Colma and Broadmoor areas. The playday was the first special event of the city's summer recreation program.

Highlight of the special event was the softball tournament, a preview to the summer playground softball league. Fifteen playground teams played at Colma and Garden Village School playgrounds.

A strong team was entered by Colma School. Its team was led by Joe Kavonovich, who hit three homers: Skip Del Sarto and Dan Luciano. The fine pitching of Wayne Crane and Franklin Welch and fielding by Dan Ordones was too much for other squads.

Dave Bollenti of Jefferson elementary pitched a win over Crocker School.

Marchbanks was a strong contender for the championship but Colma team was too much for them. Fourth place honors went to Crocker.

In B competition at Garden

Village playground, the home team, Garden Village Bums, defeated Vista Mar School and Garden Village Falcons for the title.

In C competition at Colma School, Marchbanks walked away with the championship from Jefferson Elementary, Crocker, Lincoln, Colma, and Vista Grande playgrounds. Freddie Garcia of Marchbanks was a standout with two homers.

Olympia School took top honors with three wins. Louis Gerhardt was the winning pitcher. Westlake School, Westmoor and Garden Village also played good ball.

Linda Luciano, Mabel Sin-eath, Kathy Hart and Ann Null enjoyed the relays at Colma School. A girls' softball game was held at Garden Village. Captains were Linda Cavanaugh and Kathy Scurubi.

The younger set also enjoyed the day. A peanut hunt was the highlight at Colma School. George Garcia, Sheila Doyle and Elaine Makras were a few youngsters participating.

CHAMPIONS of the Daly City-Colma Merchants League at Brentwood again this year are Vince & Fred's classy top-of-the-hill bowlers. Steady efforts by (left to right) Larry DeLucchi, Lloyd Selmi, John Pazzari, Capt. Ralph Matteucci, Vince Merlo and Nick "Gabby" Gabriellini added still more trophies to the V-F counter.
THE RECORD photo

Penny Carnival Set Next Week At Marchbanks

Daly City Department of Parks and Recreation announces that its seventh annual "Penny Carnival" will be held on Friday, July 10, for all participants living east of Junipero Serra boulevard. Site of the massive event will be Marchbanks Park.

Hot dog and soda water stands, game booths featuring dart throw, bean bag and ping pong, fishing and other games of skill will be available at Daly City's little Mardi Gras.

Prices for each booth will be from 1 cent to 5 cents. The collected money will be used to cover the cost of approximately 5000 prizes to be given away.

Children in the Westlake and Broadmoor areas will hold their Penny Carnival next Friday, July 17, at Garden Village School.

Terry Christman Pitches Drugs 9 To 10-2 Victory

More fine pitching, this time by Westmoor ace Terry Christman, carried Daly City Drugs to a 10-2 Sundeberg field win Saturday and a first place position in the San Francisco Recreation C League.

Christman's tidy three-hitter received ample backing from Dickie Schultz, 3 for 3, with three runs-batted-in; George Claus, 3 for 4; and Barry Krohn and Bill Hynes, 2 for 3 apiece.

Krohn struck out 12 batters Sunday but it wasn't good enough as the Drugs lost a 3-2 squeaker to the Ets-Hokin and Galvan nine at Marchbanks park. Only one of the three runs was earned and manager Tom Bournellis disputed the home plate calls on the other two.

Christman had a double while Sonny Stoller and Ted Duckworth stole bases in the losing cause. The Creighton-Krohn team now has a 1-1 record in Northern Peninsula High School League play.

Fourth Week Of City's Summer Program Finds Parks Jammed

As the Daly City Summer Recreation Program enters its fourth week of operation, "much activity and participation" is the report of playground directors.

Lincoln playground made a special outing to Golden Gate Park. Fifty-two Lincolnites participated in the day-long fun. After visiting the park's attractions and picnicking, the group returned and planned another excursion to Mission Dolores and Golden State Dairy. Lincoln mothers—Mesdames Breen, Vega, Woodruff

and Ciolino, are assisting with the program.

Vista Grande School playground staged a scavenger hunt. Carol Albert and Sandra Eschler were top junk collectors as they returned first with the required items. Ellen Johnson, Pam Thomas, Sherry Archini, Charito and Zuluy Ramirez were runners-up.

John Silvestri, Roy Sangui-netti and Russell Morris of Jefferson Elementary playground pooled their dramatic ability together and put on a pantomime, under the stage name of "The Three Cats."

Their talent was enjoyed by all Jeffersonians.

The War Memorial's recent crazy hat contest featured many unique bonnets. Dennis Walton received honors for the most original, Hans Brouwers and Bobby Senkir for the nicest looking, and Jerry Senkir and Robert Brouwers for the funniest. More fun will be in store next week as a scavenger hunt will be held.

Next Monday, July 6, Vista Grande playground will host a doll contest.

Fish and Game Director William E. Warner announced that sales through May have increased by 24 percent over the comparable period last year. They are also 10 percent ahead of 1957 when the Department sold a record 1,433,817 licenses.

The increase of new anglers prompted Warner to urge that all sportsmen use fire with extreme caution while in the field. "The fire hazard is exceedingly great this year because of the unusually dry winter and spring," he said.

"I ask all sportsmen to take extra care when they are out fishing and hunting this year. A carelessly tossed match or cigarette could result in great tragedy. Everyone knows that lives, property and forest resources are always endangered by fire, but sportsmen should know that they also stand to lose a great deal from fire which destroys game habitat and dries up fishing streams."

Warne said license figures through May 30 showed a total of 656,456 fishing licenses sold, 129,910 more than for the similar period in 1958.

License stamp sales have also increased. Sales of \$15,051 stamps thus far are 12 percent ahead of last year.

DC YANKEES TAKE LEAD IN MIDGET RACE

Daly City's four teams in the DC-SSF PAL League have knitted a stronghold on the first four spots in the league though there are 11 games left to play.

The Yankees won their third consecutive game, beating the Captains 4-3, as Manager Les Bastedo grinned approval. The second place Red Sox and the fifth place Chiefs battled seven innings in a 0-0 pitchers' duel. The Red Sox had two hits and the Chiefs one.

Batters for the Giants went on a rampage in an 18-2 clouting of the Inspectors.

The Yankees meet the Lieutenants this Friday.

An All-Star game will be played among the league's top players sometime in September.

Daly City-SSF Midget League (As of Friday)

	W	L
DC Yankees	3	0
DC Red Sox	2	0
DC BRAVES	2	1
DC Giants	2	1
SSF Chiefs	1	1
SSF Captains	1	2
SSF Lieutenants	1	2
SSF Inspectors	0	3

Brisbane Kids Nip Old-Timers In 14-11 'Riot'

The Brisbane Athletic Club, stocked with recent Jefferson High grads, Sunday pounded out a 14-11 win over the Brisbane Old-timers in a special laugh-filled exhibition baseball game that was halted after six innings by darkness.

Walt Carlson and Mansel Roland shared mound duties for the winners. Bud Mozzetti and Wild Bill Strassburger were on the hill for the older squad.

The Old-Timers outthit their rivals, 20-17.

After the contest the players and their families enjoyed a barbecue at the 23 Club.

SHORTY AT THE BAT

PAL Helps Small Fry 'Grow' Into Baseball

By Lou Lucia

When the little man in the big suit wanders bewilderedly toward home plate the Police Athletic League contest is ready to get underway.

He holds the bat menacingly, though the top of the bat sometimes hangs down below his hips. His main assailant is the opposing pitcher with the Warren Spahn motion and a form and the ball sailing plateward for an indeterminate time.

A lusty cut at the ball and he has swung harder than Willie Mays. He chops down at the ball on the next pitch and it's strike two. He waits on the next pitch which is definitely outside. It's a called strike and he trudges wearily to the bench.

He couldn't have been more unhappy if you told him the schools were going to do away with summer vacation. He sits next to the lolly-pop-sized second baseman. "It wasn't your fault, that ump can't see nothing," his friend dejectedly replies to the empty question posed him.

This could be the scene of any of the four Daly City-South SF Police Athletic League contests Tuesday and Friday nights between the 9- to 12-year-olds. The PAL is child-fostering the future big leaguer while keeping the youngster from getting into mischief.

In our mind the PAL was mainly formed to keep the kids off the street. However, the natural by-product is aiding the boy to get the feel of a baseball, the spirit of competition and the pride he takes in himself and his team.

Competition is all-important to the growing athlete. He feeds on it and gulps it down when he loses. It's nutritional when he wins.

The little guys of today are to become the big boys of tomorrow. Another Mantle, another Williams, another Musial a dad may exclaim in pride more than in judgment. But why not?

Where are the big leaguers going to come from? As things presently stand, professional teams, outside of the big leagues, are forever complaining about attendance. No attendance—no team. And thus the trend has been toward a cut-down in pro league players.

A number of coaches expect the supply of big leaguers to come from college and high school baseball teams. The signing of high schoolers to huge bonuses is an indication of the supply line. Only by continual practice and playing will a boy "grow" in baseball.

The PAL is giving the Daly City and South San Francisco kids a head start on the others. A nine-year-old at 12 who has played against others is much more valuable than a 12-year-old just starting out. This is simple logic considering the two boys are equal in ability.

By the time he is 17 years old and ready to graduate from high school the youngster has had almost half as much baseball experience as he has years in the world. Eight years of playing should surely help him.

Invaluable to a youngster is the fact that his mom and dad are in the stands watching him get the baseball, the hard grounder, the long fly. Faith—it's called. This is the part the parents can play in the role, whether their son ever becomes an athlete or not.

Merely getting him on a baseball team is like hiring a baby-sitter, in a sense. For the technical part of baseball he wants a manager. For the faith and confidence part he needs people in the stands, especially those he knows well.

So the youngster again trudges to the batter's box. He hits the first pitch for a home-run. "How come you took at a pitch that was over your head?" the half-sized second baseman asks.

"Didn't want the ump to call a bad one, again," our confident hero quips.

Venturi 'Back' To Form With Chicago Win

Daly City's Ken Venturi got back on the gravy train Sunday by winning the \$57,000 Chicago Open Golf Tourney with a 273 tally.

The 29-year-old Westlaker got \$9000 first prize money. Victory for Ken was his first since winning \$5300 in the Los Angeles Open last January.

Venturi's parents, as well as wife Vicki, reside in Westlake.

Skin Divers Fined In Abalone Case

Two Crescent City, Del Norte County, men were fined \$250 by Judge Alyce Moseley of Crescent City recently for taking abalone with S.C.U.B.A. diving equipment.

The two are Harold "Abe" Wilson Armfield, 25, of 9th and Taylor, Crescent City, and Joe Junior Arispe, 26, of Joaquin street, Crescent City. Both are commercial fishermen. They had taken 17 abalone when they were cited by Wardens Otis Wright and Don Gasti-

Illegal Catfishing Brings Heavy Fines

Four East Bay men were fined a total of \$750 for taking catfish illegally in the Sutter Bypass.

Judge G. W. Brown of Yuba City assessed the fines June 13. The four were charged variously with angling with more than one rod, leaving rods unattended or using and operating set lines.

Nickel-Plating - Almost 42,000,000 pounds of nickel were used in 1959 for plating purposes.
